Announcements:

*Introduction to Grants Workshop*

Whether you’re a new faculty member or just need a refresher, this grant workshop will guide researchers in finding funding opportunities, deciding which funding stream is right for the project, and the steps to take to apply.

*When:* October 26, 2018, 2PM-4PM

*Where:* BLB 005

*Register Here:* [https://vpaa.unt.edu/events/research-grants](https://vpaa.unt.edu/events/research-grants)

*Limited Submissions*

Did you know a *limited submission opportunity* simply means the agency (sponsor) limits the number of applications it wishes to receive? We have a team within OGCA that helps coordinate those limited submissions opportunities to ensure we send out the correct number of applications requested. For more information please see our [limited submissions process](https://vpaa.unt.edu/events/research-grants) for details.

- Follow our current list of [limited submissions opportunities](https://vpaa.unt.edu/events/research-grants) for UNT
- Send us a [letter of commitment](https://vpaa.unt.edu/events/research-grants) with your concept paper to let us know you intend to apply by the internal deadline.

---

Provided by the Office of Grants and Contracts Administration is a curated list of interdisciplinary funding opportunities for which UNT is eligible to apply.

### High Impact / High Risk Research Awards

1) Cancer Prevention & Research Institute of Texas (CPRIT)

- [Request for Proposals (RFP)](https://vpaa.unt.edu/events/research-grants) | [Limited Submission (5 applications allowed from UNT) – please coordinate](https://vpaa.unt.edu/events/research-grants) with the Limited Submission Team to apply

*Application deadline:* January 30, 2019

*Award Ceiling:* $200K

*Intersecting disciplines:* cell biology, cancer, clinical research studies, etiology, biology, biomedical

*Notes:* The HIHR Research Awards are expected to provide the foundation for individual or multiple investigator awards upon completion. Applicants must explain why more conventional sources of support
are not available for the proposed research and how short-term funding will lead to strong applications for additional support.

Law and Social Sciences (LSS)

2) National Science Foundation (NSF)
   
   Request for Proposals (RFP)
   
   Sample Abstract of Successful Proposal
   
   Application deadline: January 15, 2019
   
   Award Ceiling: approximately 250K
   
   Intersecting disciplines: Law, Criminal Justice, Sociology, Economics, Political Science

Innovative Programs to Enhance Research Training (IPERT) R25

3) National Institutes of Health
   
   Request for Proposals (RFP)
   
   Application deadline: January 23, 2019
   
   Award Ceiling: $ varies
   
   Intersecting disciplines: Biomedical, Health and Medicine, Education, Behavioral Medicine

   Notes: To accomplish the stated over-arching goal, this FOA will support creative educational activities with a primary focus on Courses for Skills Development, Mentoring Activities, and Outreach.

Research Traineeship Program (NRT)

4) National Science Foundation
   
   Request for Proposals (RFP) | Limited Submission (2 applications allowed from UNT) – please coordinate with the Limited Submission Team to apply
   
   Letter of Intent due December 6, 2018; Application deadline: February 6, 2019
   
   Award Ceiling: $3 million
   
   Intersecting disciplines: Graduate Studies, Technology, Mathematics, Engineering, Natural and Physical Sciences, Energy Sciences, Research Methodology
Notes: The program is dedicated to effective training of STEM graduate students in high priority interdisciplinary research areas, through the use of a comprehensive traineeship model that is innovative, evidence-based, and aligned with changing workforce and research needs.

Collaborative Program Grant for Multidisciplinary Teams (RM1)

5) National Institutes of Health

Request for Proposals (RFP) | Limited Submission (1 application allowed from UNT) – please coordinate with the Limited Submission Team to apply

Application deadline: January 25, 2019

Award Ceiling: $4.5 million

Intersecting disciplines: Public Health, Biomedical, Biological Sciences, Health & Medicine

Notes: This funding opportunity announcement (FOA) is designed to support highly integrated research teams of three to six PD/PIs to address ambitious and challenging research questions that are important for the mission of NIGMS and are beyond the scope of an individual or a few investigators.

Pilot Studies to Detect and Prevent Suicide Behavior, Ideation, and Self-Harm in Youth in Contact with the Juvenile Justice System (R34)

6) National Institutes of Health

Request for Proposals (RFP)

Application deadline: February 16, 2019 (Optional LOI due 30 days prior to deadline)

Award Ceiling: $450K

Intersecting disciplines: Psychology, Criminal Justice, Health and Public Service, Family Law, Juveniles

Smart and Connected Health (SCH)

7) National Science Foundation

Request for Proposals (RFP)
Sample Abstract of Successful Proposal

Application deadline: December 11, 2018
Award Ceiling: Under $varies

Intersecting disciplines: Information Technology, Decision Sciences, Health, Computer Science, Engineering, Biological Sciences, Biomedical, Behavioral Medicine, Machine Learning

Notes: The purpose of this program is to develop next-generation multidisciplinary science that encourages existing and new research communities to focus on breakthrough ideas in a variety of areas of value to health, such as networking, pervasive computing, advanced analytics, sensor integration, privacy and security, modeling of socio-behavioral and cognitive processes and system and process modeling.

Pilot Innovation Grants

8) American Foundation for Suicide Prevention (AFSP)

Request for Proposals (RFP)

Application Deadline: November 15, 2018
Award Ceiling: $30,000
Intersecting disciplines: Pain, Suicide, Social Work, Psychology, Sociology, LGBTQ studies

ADVANCE: Increasing the Participation and Advancement of Women in Academic Science and Engineering Careers

9) National Science Foundation

Request for Proposals (RFP) - | Limited Submission (1 application allowed from UNT) – please coordinate with the Limited Submission Team to apply

Letter of Intent Deadline: December 12, 2018
Application Deadline: January 9, 2019
Award Ceiling: $1 million

Intersecting disciplines: Higher Education, Gender Studies, STEM, Education, Labor Markets

Notes: Limit of 1 proposal for either the IT-Preliminary Track, IT Track, or Adaption Track (not one per). No limit for Partnership, Resource and Coordination Network and Longitudinal Evaluation tracks.
